

# John Two-Hawks Kudos

The music and voice that comes out of John Two-Hawks is nothing short of amazing. I have never left a concert feeling so renewed and full of hope. Sensational!

We love John's 'Good Medicine' CD so much we're going to feature it on the front page of CD Baby. We're REALLY picky about what goes on the front page. We get about 75 new albums a DAY (about 30,000 total), and this is one of the best I've ever heard.

Derek Sivers - President, CD Baby

John Two-Hawks is a musician and performing artist who needs no introduction, and certainly does not need my recommendation. Not only does his transcendental music take you on a journey of deep self realization, but his words take you to new levels of understanding. John Two-Hawks is without a doubt, the most gifted speaker I have ever heard. His music is in a class by itself, and his concert was, by far, the most meaningful and beautiful show I have ever experienced.

Thomas Kennedy PhD.

I saw John in concert this last summer and I am still glowing from the show. It was just incredible. I was glued to my seat. I felt like I couldn't leave even when the show was over!

Susan Jacobs - Concert Attendee

I found Mr. Two-Hawks to be way more than just an Indian flutist or storyteller. He is a speaker gifted with an amazing ability to impart great wisdom to audiences. And his music inspires people to believe in their dreams!
